Summery

Bachelor's graduate in Civil Engineering. Currently pursuing an offline course in structural design and implementation. Strong academic foundation and a blend of technical and managerial skills for effective project execution and leadership.

Education

BACHELOR'S DEGREE | JULY 2023 | SOUTH URAL STATE UNIVERSITY

- **Major: CIVIL ENGINEERING**

Senior Design Project:

- Production of Danish slabs at the Betotec plant in Chelyabinsk.

Skills & Abilities

Technical skills:

- AutoCAD , Prokon , Etabs & Safe
- Design and construction drawing
- Architectural Drafting: Proficient in architectural plan creation and interpretation.
- Structural Analysis: Expertise in analyzing and selecting cost-effective structural solutions while preserving architectural intent.
- Design Software Proficiency: Skilled in using Prokon and AutoCAD for structural design.
- Construction Management: Knowledgeable in construction processes, quality control, and error rectification.
- Quantity Estimation: Competent in quantifying materials and components for accurate project planning.
- Site Supervision: Practical field experience in monitoring construction activities and ensuring compliance with plans and codes.

Soft skills:

- Multitasking and Time Management
- Excellent written and verbal communication skills.

Experience

- Engineer quality control in concrete factory |Betotec | January 2023 – April 2023

Certificates

- Design and Implement Structures for Civil Engineers (OCT 2023- JAN 2024)

Languages

- English, Intermediate.
- Arabic, Native.
- Russian, Fluent.
