EXPERIENCE

Flutter Developer ICOT Solution

03/2022 - 11/2024

Balcones Drive STE 4408, Austin, TX 78731, USA

Achievements

- **Developed Dbunk App:** Built a Flutter-based app leveraging the Google News API and integrating AI-driven fact-checking. Enhanced accuracy by 95% by double-checking on the admin panel, delivering real-time verified responses to users via API calls.
- **Created FidoMingle:** Designed and launched a community-focused app for pet owners using Flutter, achieving an 80% positive user feedback rate during beta testing and fostering a highly engaged user base.
- **SMSReceipt Development:** Digitized receipts to promote eco-friendliness, resulting in a 40% reduction in paper usage. Efficiently debugged critical issues, improving app reliability and user satisfaction.
- **Improved Book App Functionality:** Streamlined book browsing and purchasing processes, increasing user engagement by 30% and driving a 20% boost in sales.
- **Enhanced iPyramids App:** Upgraded app features with Flutter, achieving a 25% improvement in user engagement. Collaborated remotely with agile tools and version control systems, delivering the project 15% ahead of schedule.
